American Roll-On Roll-Off Carrier Group Protests GHC Award

American Roll-On Roll-Off Carrier Group Inc. (ARC) today announced the company has filed a protest with the United States Government Accountability Office (GAO), which resolves disputes concerning the award of federal contracts, over the United States Transportation Command's (TRANSCOM) award of the Global Household Goods Contract (GHC) (HTC711-19-R-R004) on November 4.

ARC has legitimate concerns over the award process. ARC was originally awarded GHC on April 30, 2020, at which time TRANSCOM labeled Team ARC's proposal "game changing." Following a protest, ARC was re-awarded GHC on June 29, 2020. In protesting TRANSCOM's latest award decision, Team ARC said it is confident that its proposal remains superior and provides the best customer service solution for Service Members and their families. Team ARC stands ready to provide all personnel, equipment, technology, facilities, tools, materials, supervision, and other items and services necessary to provide a turnkey, all-inclusive moving service.

ARC and its team of global leaders in the moving, logistics, and technology industries, including UniGroup (United Van Lines, Mayflower), Suddath, Atlas, The Pasha Group, and Deloitte, as well as a strong network of small businesses, know Team ARC has the customer-focused, high-quality moving solution that Service Members and their families deserve.

The Team ARC Difference

Team ARC has been purposefully and strategically assembled from leaders in the moving, logistics, and technology industries to reduce the burden and stress on GHC Customers. Team ARC's component partners have served TRANSCOM since its inception and our Service Members and the military for more than 75 years.

Team ARC is committed to deliver on TRANSCOM's priority to Take Care of the Troops. That simple phrase is the "North Star" that has guided Team ARC's endeavors.

The major partners in Team ARC include:

UniGroup is the parent of United Van Lines, the largest moving company in North America, and Mayflower Transit, the fourth largest moving company in North America.

Atlas World Group, the parent of Atlas Van Lines, founded in 1948, is the second largest moving company brand within the United States.

Suddath is a 100-year-old logistics, corporate relocation and residential moving company and is currently the single largest domestic and international U.S. Government and military household goods moving provider.

The Pasha Group is a family-owned, diversified global logistics and transportation company serving military customers since 1947 and the Defense Personal Property Program since 1980.

Deloitte provides industry-leading audit, consulting, tax and advisory services to many of the world's most admired brands, including nearly 90% of the Fortune 500® and more than 7,000 private companies. Building on more than 175 years of service, their network of member firms spans more than 150 countries and territories.

About American Roll-On Roll-Off Carrier Group (ARC)

ARC has over 30 years' experience providing global logistics and shipping services to the U.S. Government. ARC and its U.S. affiliates own and manage the largest U.S.-flag roll-on roll-off (Ro-Ro) fleet. This includes providing American-owned, managed, and crewed Ro-Ro shipping and logistics services committed to the requirements of the Department of Defense, other U.S. Government departments and agencies, and commercial customers.
